

MARITIME ENVIRONMENT PROTECTION SYSTEMS

Holding + Buffering + Transport | Automatic | Redundancy

Dewatered Bio Waste Tank

The Ocean Clean Dewatered Bio Waste Tank will store and buffer all kinds of food waste. It is designed to perfectly suit its purpose so it is sized according to the needs of the ship's food waste system. Safe operation is ensured by sturdy sensors and valves. Food waste can be circulated to prevent settling.

A custom-made design will be created for each individual project.

Dewatered Bio Waste Tank
