

MARITIME ENVIRONMENT PROTECTION SYSTEMS

Holding + Buffering + Transport | Automatic | Redundancy

Reject Water Tank

The Ocean Clean Reject Water Tank will store and buffer all food waste reject water. It is designed to perfectly suit its purpose so it is sized according to the needs of the ship's food waste system.

Safe operation is ensured by sturdy sensors and valves. Reject water can be discharged with built-on pumps.

A custom-made design will be created for each individual project.

Reject Water Tank

Contact Ocean Clean for original,
reliable and genuine spare parts.

FOR OCEAN'S SAKE

Robust and reliable design and high capacity to buffer food waste reject water before discharging to further treatment facilities.

- Different sizes
- Robust design
- Powerful pumps
